1 2 follows:
1 3 #1. Page 1, by inserting before line 1 the
1 4 following:
1 5 <Section 1. Section 257.1, subsection 2, Code
1 6 2005, is amended to read as follows:
1 7 2. STATE SCHOOL FOUNDATION AID == FOUNDATION BASE.
1 8 a. For a budget year, each school district in the
1 9 state is entitled to receive foundation aid, in an
1 10 amount per pupil equal to the difference between the
1 11 amount per pupil of foundation property tax in the
1 12 district, and the combined foundation base per pupil
1 13 or the combined district cost per pupil, whichever is
1 14 less. However, if the amount of foundation aid
1 15 received by a school district under this chapter is
1 16 less than three hundred dollars per pupil, the
1 17 district is entitled to receive three hundred dollars
1 18 per pupil unless the receipt of three hundred dollars
1 19 per pupil plus the per pupil amount raised by the
1 20 foundation property tax exceeds the combined district
1 21 cost per pupil of the district for the budget year.
1 22 In that case, the district is entitled to receive an
1 23 amount per pupil equal to the difference between the
1 24 per pupil amount raised by the foundation property tax
1 25 for the budget year and the combined district cost per
1 26 pupil for the budget year.

1 31 state cost per pupil. For the budget year beginning
1 32 July 1, 2007, the regular program foundation base per
1 33 pupil is eighty-seven and five-tenths percent of the

1 36 growth for that budget year multiplied by the
1 37 percentage difference between the regular program
1 38 foundation base for the base year and one hundred
1 39 percent. For the budget year beginning July 1, 2008,
1 40 and succeeding budget years, the regular program
1 41 foundation base per pupil for the budget year shall
1 42 equal the regular program foundation base per pupil
1 43 for the base year, increased by an amount
1 44 corresponding to the regular program allowable growth
1 45 for the budget year multiplied by the percentage
1 46 difference between the regular program foundation base
1 47 for the base year and one hundred percent. The
1 48 maximum regular program foundation base per pupil
1 49 calculated pursuant to this subparagraph shall be one

2 1 pupil. The department of management shall annually
2 2 determine the regular program foundation base amount
2 3 to reflect the increases pursuant to this
2 4 subparagraph.
2 5 (2) For the budget year commencing July 1, ~~1991,~~
2 6 ~~and for each succeeding budget year 2006,~~ the special
2 7 education support services foundation base is seventy=
2 8 nine percent of the special education support services
2 9 state cost per pupil. For the budget year beginning
2 10 July 1, 2007, the special education support services
2 11 foundation base is seventy-nine percent of the special
2 12 education support services state cost per pupil,
2 13 increased by an amount corresponding to the special
2 14 education support services allowable growth for that
2 15 budget year multiplied by the percentage difference
2 16 between the special education support services
2 17 foundation base for the base year and one hundred
2 18 percent, and increased by the media services allowable
2 19 growth, and the education services allowable growth
2 20 for that budget year. For the budget year beginning
2 21 July 1, 2008, and succeeding budget years, the special
2 22 education support services foundation base per pupil
2 23 for the budget year shall equal the special education
2 24 support services foundation base per pupil for the

2 25 base year, increased by an amount corresponding to the
2 26 special education support services allowable growth
2 27 for that budget year multiplied by the percentage
2 28 difference between the special education support
2 29 services foundation base for the base year and one
2 30 hundred percent, and increased by the media services
2 31 allowable growth, and the education services allowable
2 32 growth for that budget year. The department of
